# Catalog Information

---

## Catalog Information Guide

This catalog has been designed to be as user-friendly as possible, and has included several ideas based on customer input.

The Table of Contents shows the overall division of the catalog into eight basic categories of product, each with a corresponding section number. Within each of these sections, items are listed in an easy-to-read alphabetical order by product grade, providing a fast method for finding a given item without having to consult the index. Moreover, specific information pertaining to each grade is presented. The paper grades' color offerings are listed alphabetically by color (other than white), then by size and weight.

Due to popularity, white papers are listed first— before colors — beginning with the brightest white, followed by variations of white by degree of brightness to Natural Whites.

The Supplies Section (Section 7) is organized by product classification and is also listed alphabetically, with each individual item following the same pattern.

As much technical information as possible has been included with each grade to provide a quick reference for all product lines.

The symbol “☎” in the price column indicates a commodity item. Please contact customer service for current pricing.

To the right of each paper grade you will find keys to identify items that are new, recycled, acid-free, laser compatible, ink jet compatible, digital compatible, or are manufactured with ColorLok technology. These symbols are:

 = new

 = ink jet compatible

 = recycled

 = digital compatible

 = acid-free

 = ColorLok Technology

 = laser compatible

## Pricing

Every possible effort will be made to extend very competitive prices to our customers. Due to sometimes volatile market conditions, prices in this catalog are subject to change without notice. Please call for quotes on larger quantity orders.

## Delivery Charge

Lewis has a minimum delivery charge of \$25 on orders totaling less than \$150 worth of merchandise. Orders delivered outside of our regular delivery routes may require a dollar amount higher than \$150.

Direct shipments, UPS shipments, non-stock and/or special orders are subject to freight and/or handling charges where applicable.

## Sales to Resale/Non-Profit Customers

Unless a valid, signed resale certificate, accompanied by a copy of your state tax identification letter, is submitted and is on file, items will be assessed sales tax. Only the business or organization to which the tax number is assigned may purchase merchandise on a tax-exempt basis.

## Custom Cutting

We will “custom cut” most any order over 40 square inches for you. Please see our cutting schedule on the following pages for details.

## Payment Options

Our payment options make it easy to buy from Lewis. We accept cash, check, American Express, Discover, MasterCard, VISA, and of course, we offer open accounts. You may also pay for current open invoices on your account with American Express, Discover, MasterCard, or VISA. Please call for details.

## Return of Merchandise

A Return Authorization (RA) number must be obtained from a Lewis customer service representative before merchandise can be returned. Merchandise must be returned within 30 days from date of purchase. A restocking charge may be assessed. Non-stocked mill items may be returned provided the supplier allows the return, but will incur additional charges specific to that mill, plus freight charges in and back. Special manufactured items are non-returnable. No claim will be allowed after the paper has been cut or printed.

## Caliper/Brightness/Opacity

All caliper, brightness, and opacity information are mill targets and therefore are approximate. While this information was accurate when the catalog was published, it could vary by mill run or shipment. Mill changes to specifications may occur. Please call if you need exact information to verify status of specifications.

## Uniformity

Paper may vary slightly in color, finish, or general appearance. As a result, colors and finishes cannot be guaranteed, and absolute uniformity is impossible. Please report any irregularities within ten days following the receipt of the merchandise.

# Cutting Schedule

---

## Billing and Rates

All cutting and converting charges will be billed as a separate line item on the invoice in addition to the price of the full-size sheets. Special or custom cutting or wrapping will be charged according to the time spent at \$29.00 per hour. **We will not cut any paper stock to less than 40 square inches.** All sales are final on special-cut stock. Any cut job needed for next day availability must be arranged with Customer Service and placed prior to 2 p.m.

- **All Papers** (Except Carbonless, Pressure Sensitive and heavyweight papers)

Cutting to under 40 square inches .....	not available
Cutting to between 40 and 50 square inches .....	\$29.00 cwt.
Cutting to above 50 square inches .....	\$20.00 cwt.
Minimum charge .....	\$20.00 per item

- **Carbonless/Pressure Sensitive** (Prices per 1,000 sheets of cut size)

Any size over 50 square inches .....	\$8.00 M
Minimum charge .....	\$20.00 per item

- **Heavyweight Papers** (Blanks, Chipboard, Display Board, Double-Thick Covers)

These paper grades will be cut prior to our scheduled blade change. We cannot promise a specific date.

Cutting to under 40 square inches .....	not available
Cutting to between 40 and 50 square inches .....	\$86.00 cwt.
Cutting to above 50 square inches .....	\$59.00 cwt.
Minimum charge .....	\$40.00 per item cut

## Examples

- **All Papers & Heavyweight Papers**

<u>Need to Know</u>	<u>Specifics of Cut</u>
1. Finished size	8½ x 11
2. Number out per folio size	8-out
3. Quantity of finished size	8,000
4. Number of folio sheets per yield	1,000
5. MWT (weight per 1,000 sheets) of folio size (see following pages)	102M

Calculations:

1. Length x Width = Square Inches (no less than 40 square inches)
2. .102 (MWT) x 1,000 (number of folio sheets needed) = 102 lbs. (number of pounds)
3. \$20.00 cwt. (applicable cwt. cost) x 102 (number of pounds) = \$20.40 (cutting charge)  
(Heavyweight papers: \$59.00 cwt. x applicable M weight = cutting charge)

- **Carbonless/Pressure Sensitive**

<u>Need to Know</u>	<u>Specifics of Cut</u>
1. Finished size	7 x 10
2. Quantity of finished size	5,000
3. \$8.00 M x total number of sheets	

Calculations:

1. 5,000 (number of cut size sheets) x \$8.00 = \$40.00 (cutting charge)

# Vendors

---

## Authorized Dealership

Lewis is an authorized dealer of all the manufacturers and distributors listed below. Any item from these vendors is available for special order, often with quick turnaround times and minimal quantities.

# Environmental Leadership

---

Lewis offers a full portfolio of certified and environmentally sound printing and business papers. These papers are produced in a manner which minimizes the negative impact on the environment, therefore creating a positive benefit for ourselves and future generations. These papers are certified and audited by third party organizations.

“Think Green” symbols used in our catalog are as follows:

## Forest Stewardship Council™

An international non-profit organization devoted to promoting responsible management of the world's forests. FSC® sets high standards that ensure forestry is practiced in an environmentally responsible way. FSC® certification has strong recognition throughout the world.

## Sustainable Forestry Initiative

SFI®, Inc. is a fully independent, charitable organization dedicated to promoting sustainable forest management. Their forest certification standard is based on principles that promote sustainable forest management, including measures to protect water quality, biodiversity, wildlife habitat, species at risk, and forests with exceptional conservation value. The standard is used widely across North America, and has strong acceptance in the global marketplace.

## Recycled Content

Paper made with varying percentages of recycled paper. Recycled content can range from 10% to 100% post consumer waste. EPA guidelines require a minimum of 30% post consumer content for uncoated papers, and a minimum of 10% post consumer content for coated papers. Using a higher percentage of post consumer waste has many environmental benefits and helps reduce the amount of material in landfill sites.

## Green Seal

Certification mark of the Green Seal organization specifying that the paper:

1. Contains at least 30% post consumer recycled fiber

— or —

2. Is manufactured without chlorine or chlorine compounds.

## Processed Chlorine Free

Certification mark of the Chlorine Free Products Association (CFPA) identifying that no chlorine or chlorine compounds were used in the paper making process and that the product contains a minimum of 30% post consumer fiber. Dioxin and other toxins and pollutants created by chlorine and its derivatives have been associated with adverse affects on the immune and reproductive systems of humans as well as those of fish and wildlife species.

## Biogas

Biogas is a renewable source of energy produced by the decomposition of waste in landfills. Once collected, it can generate steam usable in the manufacturing of paper, thereby reducing greenhouse gas emissions.

## Green-E

Certification used by the Center for Resource Solutions identifying products made with renewable energy including, but not limited to, wind power, solar power, geothermal, low-impact hydropower, and biomass.

## Carbon Neutral

Offsetting or compensating for greenhouse gas emissions generated by a product's manufacturing process.

# Postal Regulations

---

It is important to keep in mind U.S. Postal Service requirements when designing business reply mail, cards, and self-mailers.

The Postal Service levies a Surcharge on non-standard letter mail because it is expensive to process. Usually it cannot be distributed on letter-sorting machines. In the facing and cancelling operation, it is often the cause of jam-ups as odd-sized letters are trapped in the machinery. With the machines operating at high speeds, such jam-ups often damage not only the nonstandard envelope but the mail of others.

The information contained here is intended to be used as reference material. You are strongly advised to consult your local Post Office, mailing house, or appropriate government publications. This is the only way to be sure that you are in compliance with all relevant regulations. LEWIS PAPER assumes no liability or obligation from the use of this information.

You can order a complete Domestic Mail Manual that is updated quarterly; there is an annual fee of \$41.00. Write to:

**Superintendent of Documents  
Mail Stop SSOM  
Washington, D.C. 20402-9375  
Fax 202-512-2168  
Inquiries 202-512-2311**

## Size/Caliper Standards

The following size standards apply to all mailable matter. The thickness requirement is designed to eliminate flimsy cards and other mailpieces which do not have the stiffness to be mechanically handled.

*All mailpieces .25 inches thick or less must be:*

1. Rectangular in shape,
2. At least 3.25 inches high, and
3. At least 5 inches long.

A mailpiece must be at least .007 (7 pt.) inches thick when it does not exceed 4.25 inches in height and 6 inches in length.

A mailpiece must be at least .009 (9 pt.) inches thick if it is either greater than 4.25 inches in height or greater than 6 inches in length, or both.

## Address Orientation

- Except for pieces mailed at third-class carrier-route rates, the placement (orientation) of the address on the mailpiece establishes which dimensions are its height and length. The length is the dimension that is parallel to the address as read; the height is perpendicular to the length.
- Because of the orientation of the address, a mailpiece may not meet the minimum-size standards. All pieces that do not meet the minimum-size standards are non-mailable and prohibited from the mail.

## Height-to-Length Ratios

The standards call for a height-to-length ratio which falls between 1 to 1.3 and 1 to 2.5. Mailing pieces which are outside these ratios will be subject to a surcharge.

## Color

Only light-colored envelopes and cards which do not interfere with the reading of the address and postmark should be used. Do not use brilliant colors.

## Quality

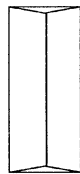

Envelopes and cards should be constructed of paper strong enough to withstand normal handling. Highly glazed paper or paper with an overall design is not satisfactory.

# Common Envelope Sizes

**Commercial/Official** For a host of business and personal correspondence purposes, i.e., letterheads, invoices, statements, writing stationery, direct marketing mailings, etc.

Size	Envelope	Enclosure
6 1/4	3 1/2 x 6	3 1/4 x 5 3/4
6 3/4	3 3/8 x 6 1/2	3 1/2 x 6 1/4
8 5/8	3 5/8 x 8 5/8	3 1/2 x 8 3/8
7	3 3/4 x 6 3/4	3 1/2 x 6 1/2
Monarch	3 7/8 x 7 1/2	3 3/4 x 7 1/4
9	3 7/8 x 8 7/8	3 3/4 x 8 5/8
10	4 1/8 x 9 1/2	4 x 9 1/4
11	4 1/2 x 10 3/8	4 1/4 x 10 1/8
12	4 3/4 x 11	4 1/2 x 10 3/4
14	5 x 11 1/2	4 3/4 x 11 1/4

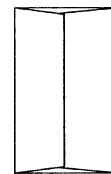

**Square Flap Contemporary** and elegant flap style adds a touch of elegance to any business correspondence. Particularly popular as part of an executive stationery suite.

Size	Envelope	Enclosure
6 3/4	3 3/8 x 6 1/2	3 1/2 x 6 1/4
7 3/4	3 7/8 x 7 1/2	3 3/4 x 7 1/4
9	3 7/8 x 8 7/8	3 3/4 x 8 5/8
10	4 1/8 x 9 1/2	4 x 9 1/4

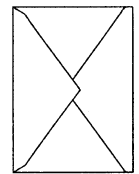

**Side-Seamed** Features attractive styling with specially tapered sealing flap and throat to add that touch of visual impressiveness and prestige so essential to correspondence today.

Size	Envelope	Enclosure
6 3/4	3 3/8 x 6 1/2	3 1/2 x 6 1/4
7 3/4	3 7/8 x 7 1/2	3 3/4 x 7 1/4
9	3 7/8 x 8 7/8	3 3/4 x 8 5/8
10	4 1/8 x 9 1/2	4 x 9 1/4

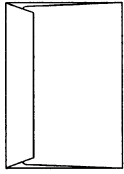

**A-Style** For announcements, small booklets, brochures or promotional pieces and, more recently, for distinctive business stationery. This style envelope is enhanced by the use of text paper.

Size	Envelope	Enclosure
A-2	4 3/8 x 5 3/4	4 1/8 x 5 1/2
A-6	4 3/4 x 6 1/2	4 5/8 x 6 3/16
A-7	5 1/4 x 7 1/4	5 x 6 7/8
A-8	5 1/2 x 8 1/8	5 1/4 x 7 3/4
A-9	5 5/8 x 8 3/4	5 5/8 x 8 5/8
A-10	6 x 9 1/2	5 3/4 x 9 1/8

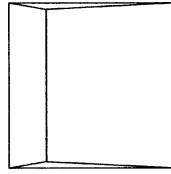

**Business Announcements** With a pointed flap, for formal business announcements, invitations and changes of address.

Size	Envelope	Enclosure
4 Bar	3 5/8 x 5 1/8	3 1/2 x 4 7/8
5 Bar	4 1/8 x 5 5/8	4 x 5 3/8
5 1/2 Bar	4 3/8 x 5 3/4	4 1/4 x 5 1/2
6 Bar	4 3/4 x 6 1/2	4 5/8 x 6 1/4
Lee	5 1/4 x 7 1/4	5 1/8 x 7

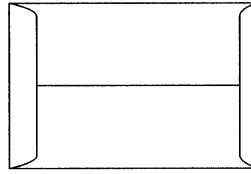

**Booklet (open side)** For annual reports, brochures, sales literature, and a variety of printed material. Can be used in volume mailings processed by inserting and sealing equipment.

Size	Envelope	Enclosure
3	4 3/4 x 6 1/2	4 1/2 x 6
5	5 1/2 x 8 1/8	5 1/4 x 7 5/8
6	5 3/4 x 8 7/8	5 1/2 x 8 3/8
6 1/2	6 x 9	5 3/4 x 8 1/2
6 5/8	6 x 9 1/2	5 3/4 x 9
6 3/4	6 1/2 x 9 1/2	6 1/4 x 9
7 1/2	7 1/2 x 10 1/2	7 1/4 x 10
9	8 3/4 x 11 1/2	8 1/2 x 11
9 1/2	9 x 12	8 3/4 x 11 1/2
10	9 1/2 x 12 5/8	9 1/4 x 12 1/8
13	10 x 13	9 3/4 x 12 1/2

**Square** With square flaps, for announcements, booklets, promotions, etc.

Size	Envelope	Enclosure
6 1/2	6 1/2 x 6 1/2	6 1/4 x 6 1/4
7	7 x 7	6 3/4 x 6 3/4
7 1/2	7 1/2 x 7 1/2	7 1/4 x 7 1/4
8	8 x 8	7 3/4 x 7 3/4
8 1/2	8 1/2 x 8 1/2	8 1/4 x 8 1/4

**Catalog (open end)** For catalogs, large booklets, and other heavy enclosures usually inserted by hand.

Size	Envelope	Enclosure
Glove
